

TIME

IMAGINE..... there is a bank that credits your account each morning with \$86,400. It carries over no balance from day to day. Every evening the bank deletes whatever part of the balance you failed to use during the day. What would you do? Draw out every cent, of course!

Each of us has such a bank. Its name is TIME. Every morning, it credits you with 86,400 seconds. Every night it writes off, as lost, whatever of this you have failed to invest to good purpose. It carries over no balance. It allows no overdraft. Each day it opens a new account for you.

Each night it burns the remains of the day. If you fail to use the days deposits, the loss is yours. There is no going back. There is no drawing against the tomorrow. You must live in the present on today's deposits.

Invest it so as to get from it the utmost in health, happiness, and success!

The clock is running. Make the most of today.

To realise the value of ONE YEAR, ask a student who failed a grade.

To realise the value of ONE MONTH, ask a mother who gave birth to a premature baby.

To realise the value of ONE WEEK, ask the editor of a weekly newspaper.

To realise the value of ONE HOUR, ask the lovers who are waiting to meet.

To realise the value of ONE MINUTE, ask a person who missed the train.

To realise the value of ONE-SECOND, ask a person who just avoided an accident.

To realise the value of ONE MILLISECOND, ask the person who won a silver medal in the Olympics.

Treasure every moment that you have! And treasure it more because you shared it with someone special, special enough to spend your time.

Yesterday is history. Tomorrow is a mystery. Today is the only moment in time that you have any control. It's a gift for you to use, as you choose. So choose to smile, laugh and love.

And remember that time waits for no one.

Today is a gift, that's why it's called,

THE PRESENT.
